

From: _____

To: EMERALD PEOPLE'S UTILITY DISTRICT (EPUD)
Commissioners: Ron Davis, Brandon Jordan, Bent Mikkelsen, Brian Parker, and Kevin Parrish and their heirs and assigns. All agents, officers, employees, contractors and interested parties.
33733 Seavey Loop Road in Eugene

This is NOT an opt-out letter. DO NOT Install ANY Digital Meter.

NOTICE OF OBJECTION AND NON-CONSENT

Notice to agent is notice to principal; notice to principal is notice to agent.

This letter is legal notification from an account holder and owner of EPUD to all of its commissioners, officers, employees and contractors.

I waive the alleged benefits of having any type of digital meter, including, but not limited to, an Automatic Meter Reader (AMR) or an Advanced Meter Infrastructure (AMI) meter connected to my home or business.

From now on I will be keeping and using electromechanical ANALOG meters exclusively. **I, therefore, do not consent, and do object to having any installation, or attempted installation, of any type of digital electric meter anywhere on my home or business, now or in the future.**

If any type of digital meter has already been installed on my home or business, I instruct you to have it immediately removed and replaced with a new or certified refurbished ANALOG meter.

In the event that the ANALOG electric meter should fail to function in the future, I instruct you to have it replaced only with a new or certified refurbished electromechanical ANALOG meter.

I do not consent to replacing a failed analog meter with **any type** of digital meter in the future.

I do not consent, and do object to being charged any fee or fine, now or in the future, for my choice of having and keeping an ANALOG meter.
